

Stop It Now![®]

Together We Can Prevent the Sexual Abuse of Children

Do Your Holiday Shopping and Support Stop It Now!

Put Stop It Now! and protecting children on your list this holiday shopping season. This fall, Stop It Now! has partnered with Fire and Finesse.

Fire and Finesse features the work of more than 150 small artist studios. You will find more than 800 products that are all original designs and made by the hands of the artist.

With each purchase that you make, Stop It Now! will receive a significant percentage of the sale (up to 20%). Use promotion code STITNW when placing your order.

Read the Frequently Asked Questions (FAQs) below – then get a jump on your holiday shopping at www.fireandfinesse.com. Help Stop It Now! support and guide adults and communities to protect children from sexual abuse.

FAQ's

Does it cost anything extra to shop with Fire and Finesse and support our organization?

No. Individuals do not need to register or pay anything to access the Fire and Finesse web site.

Am I paying the same price even though my organization is receiving a percent of my purchases?

Shoppers pay the same price for merchandise as they would if they were shopping directly through Fire and Finesse. Stop It Now! supporters can take advantage of web specials, the outlet and special sales that Fire and Finesse has on a regular basis.

Why shop online?

Well, it is very convenient – you can shop from the comfort of your home or office. The simple act of shopping online through Fire and Finesse helps ensure that Stop It Now!

will continue to grow and prosper. And...where else can you find 150 artists work at your disposable to take a look at 24/7? Everything ships direct from the artist studio within 3 days of your purchase. What could be easier?

Will anyone know what I bought?

To ensure Stop It Now! our percentage of your purchase, Fire and Finesse tracks the amount of your purchase for allocation purposes only. No personal data or purchase details are collected.

Is shopping online easy? Is it safe?

Shopping online is safe when shopping at well-known, reputable merchant websites. Using a credit card online is fast and easy, saves time and travel. If you are uncomfortable or have questions for Fire and Finesse, they would be happy to speak with you. Call 800-734-7576 from 10 – 4 EST M-F.

How often can I shop? Do I have to spend a certain amount?

Shop as often as you like. Spend as little or as much as you like – every dollar counts. Just make sure you use our promotion code when placing your order.

What if I forget to put the promotion code in when I place my order?

No problem. Email service@fireandfinesse.com. Tell them the name that you placed the order under; the date you placed the order and the promotion code that you want entered. They will take care of it for you.

What if I have a problem with something that I bought?

Fire and Finesse accepts all products back within 30 days of purchase. Their guarantee is “If you’re not happy, we’re not happy.” Give them a call at 800-734-7576 M-F from 10 – 4 EST. They will be happy to help you.

Will Fire and Finesse sell my name?

Fire and Finesse never gives or sells any of their customer information to anyone. You will only hear from them again if you sign up for their weekly specials through email.

How do I know that Fire and Finesse is secure?

Fire and Finesse understands that running a successful online business requires that they vigorously protect their customer’s sensitive information from intrusion and tampering. Fire and Finesse uses GoDaddy.com’s SSL (Secure Sockets Layer) encryption of all of their online transactions. This builds an impenetrable fortress around your credit card information. Once you enter a secure area (by entering credit card information, email address or other personal information) Fire and Finesse’s GoDaddy.com SSL certificate enables the browser and the web server to build a secure, encrypted connection. The SSL ‘handshake’ process, which establishes the secure session, takes place discreetly behind the scenes, ensuring the uninterrupted shopping experience for the customer. A ‘padlock’ icon in the browser’s status bar and the <https://> prefix in the URL are the only visible indications of a secure session in progress.
